You can't lift a retail business out of a small-neighborhood orbit unless you advertise. Publicity is the only means of expansion. When the masses are informed that you actually exist, that you have goods to sell, that you offer inducements to the purchaser, then your trade grows. This lesson has been learned by every merchant who advertises in the

FIST FIGHT IN MAGISTRATE'S COURT ENLIVENS BILL COLLECTION

COOPER CONSIDERS

"I am considering it."
This is the response that Henry E. Cooper gave this morning to the query regarding his candidacy for Mayor of Honolulu.
"The suggestion has come from many different sources that I can hardly turn it down off-hand, and the least I can do is to consider it."
This is the latest phase of the Mayor's campaign.
There seems to be a very general idea among the party workers that the program outlined in the Bulletin of Saturday would carry the Republican party through a very successful campaign this fall, provided, of course, that the ticket is well-balanced and the various elements given a fair representation.
J. P. Cooke, who was suggested as

the campaign manager for the County and municipal campaign, stated this morning that he did not see how he could possibly undertake such a proposition.
Mr. Cooke suggested Clarence Cooke, who is now a member of the County Committee, and as "J. P." says, "more in touch" with the general political business. There is no doubt that Clarence Cooke would make a good leader, as he stands well with all elements of the party.
There is also a suggestion that the Hon. A. L. C. Atkinson be the chairman of the Territorial Committee. This was passed up to "Jack" some time ago, but the rank and file ask whether his law business will cut him out of that. "Law" is what Atkinson fires at every man who suggests him for any political office.

Independent Line Of Mahogany Men

The Hawaiian Mahogany Company is going to ship the ties which it has agreed to deliver to the Santa Fe railroad, itself, and its action in turning down the offer of the Matson Navigation Co. for transportation was taken as a result of this decision. The report that this was the case came from good authority, although J. B. Castle, who is understood to have charge of this end of the business, declined to say anything for publication on the subject when he was seen.
It was further learned that inquiries had been made by the Mahogany Co. with the Matson line with a view to the purchase of one or more of its vessels, but the result of these negotiations has not yet been given out. The Mahogany Company is after several vessels of large carrying capacity, but as it will not be shipping many ties before this fall, owing to the fact that its new mill is not as yet in operation, it has still several months in which to make its arrangements.

MAUI DEMOCRATS WANT E. WILCOX

Ask Frear To Appoint Him Supervisor Vice Church.

The Democrats are desirous of having a member of their party placed on the Board of Supervisors, and to this end they have sent to Governor Frear the following resolution asking that Edward Wilcox be appointed by him to take the place left vacant on the Board by the resignation of T. M. Church:

"Whereas, there now exists a vacancy in the Board of Supervisors in and for the County of Maui, Territory of Hawaii, caused by the resignation of T. M. Church, Esquire, as a member of said Board of Supervisors, to wit: as Supervisor for the District of Makawao, County of Maui aforesaid; and,

"Whereas, there is still left an un-

Fairchild Will Reply Tomorrow

Governor Frear this morning stated that a written reply would probably be received from George Fairchild manager of the Mahee Sugar Co. with regard to the proposed exchange of the Kapa lands. He said that he had nothing to give out regarding the plans of Mr. Fairchild, that he had heard of them.

George Fairchild stated that he was very glad that the Territory had at last made a definite proposition with regard to the land—something on which future operations could be based.

"I congratulate the Governor on the proposition he has submitted," he said. "It gives us a base for operations. Of course, there is such a complication of figures that I am not prepared to state definitely what the result will be. One of the difficulties to be overcome will be in the Oleienu tract, which is held under lease by the Mahee Sugar Company, but which is owned by a large number of different people. This may prove a stumbling block in the matter."

It is probable that Mr. Fairchild will enclose in his written reply to the Governor a counter proposition. This, in conjunction with the one submitted by the Governor, will be the base from which the real transfer of the lands will be worked out.

Sunny "Jim" McCandless Has Quantities To Give Away

LEIS, COCOANUTS, PINEAPPLES, AND COFFEE TO ST. PAUL

McCandless is Delegate from Aloha Temple—Will Keep Open House For Hawaii and Remember the Children

J. S. McCandless, Honolulu's "Sunny Jim," leaves on the Alameda Wednesday for a journey that will eventually land him in St. Paul.

Mr. McCandless goes to St. Paul as the delegate from Aloha Temple to the Imperial Council of the Mystic Shrine. And he has the greatest collection of good things for his brother Shriners that has ever been sent out from these islands in the cause of good-will and more knowledge of Hawaii.

McCandless has been and always will be one of the greatest walking promotion bureaus Hawaii has ever had, and since he returned to Honolulu from his last trip abroad he has spent the most of his time thinking up some scheme by which he can boost the country and make his brother Shriners happy when they get to St. Paul.

THOMPSON LICKS MILLS

H. T. Mills of "Fast Due" fame, was knocked down by Frank E. Thompson in the District Court this afternoon.
Thompson was attorney for the defendant in the case of Mills vs. A. C. de Cow, which has been bitterly fought for some time past. During the process of the trial, before Judge Andrade this afternoon, there had been several animated passages between Mills and Thompson.
Mills was arguing a point when Thompson interposed an objection. Mills protested against this.
"I have the opening and the closing," said Thompson.
"But not the interruption," said Mills.

Thompson stepped up to Mills. "You insulted me the other day," he said.
"What happened the other day does not matter now," answered Mills.
Then things began to happen in rapid succession. Thompson caught Mills by the throat and Mills defended himself. Thompson appeared superior in strength. He forced Mills back over the attorneys' table, while Mills indignantly tried to gouge his opponent's eyes. Officers tried to pull the two men apart, but Thompson showed giant strength, and finally threw Mills to the floor.
At this time Judge Andrade, who

BANNISTER'S NEW Cornell Oxfords

This swell shoe, made over the Cornell Last, has the Pointed Swing Toe, which gives it a graceful appearance, and yet is very roomy in the tread.

There's no slipping in the heel, or bulging in the sides, which are so common in some makes of shoes.

When a man wears a Bannister Shoe, he feels that he is correctly shod.
